

EVERGREEN PLANTS

Apple Perfection™ Abelia
Abelia hybrid '00-bc-47-7r' PPAF

Apple Perfection™ is uniformly mounded and rarely throws whips, resulting in less needed trimming. It produces an abundance of pure white flowers over extremely glossy green foliage.

Peach Perfection® Abelia
Abelia hybrid 'SRPabeper' PP 30,954

Peach Perfection® displays attractive tricolor foliage on stunning red stems. New growth emerges bright orange, eventually turning to yellow and green as it ages. The yellow foliage holds up well in the sun and heat. This plant will maintain a compact, rounded habit.

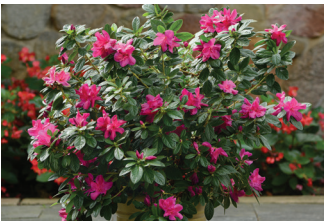

Raspberry Perfection™ Abelia
Abelia chinensis 'Abesprpas' PP 33,516

Raspberry Perfection™ is a compact plant that rarely throws whips, resulting in less needed trimming. It is a very heavy bloomer with dark pink sepals that persist after flowers have passed, extending its color interest.

Acacia Cousin Itt
Acacia cognata 'ACCOG01' PP 25,133

When you need a low-maintenance and elegant solution for what to plant in deco containers or rock gardens, choose Acacia Cousin Itt. The compact form and weeping habit offer beautiful texture and year-round interest to your landscape. Tolerant of drought and high heat, this evergreen will save you time without compromising your design.

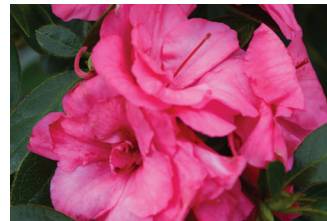

FlorAmore® Hot Pink Azalea
Azalea 'Lazamoripi' PP 27,521

Say hello to the hot pink member of the FlorAmore® Azalea family. This showstopper is part of a series of re-blooming azaleas available in multiple bright, bold colors. These plants produce an impressive display of color during each re-bloom due to their heavy flower set.

FlorAmore® Lavender Azalea
Azalea 'Lazamorav' PP 27,470

With its impressive display of lavender blooms, FlorAmore® Lavender is a garden delight. This beauty is part of a series of re-blooming azaleas available in multiple bright, bold colors. These plants produce an impressive display of color during each re-bloom due to their heavy flower set.

FlorAmore® Pink Azalea
Azalea 'Lazamorink' PP 27,522

Perfect in pink! This cheerful Azalea will bring a healthy dose of color to any garden. It is part of a series of re-blooming azaleas available in multiple bright, bold colors. These plants produce an impressive display of color during each re-bloom due to their heavy flower set.

FlorAmore® Red Azalea
Azalea 'Lazamored' PP 27,523

FlorAmore® Red dazzles with its beautiful red blooms. This showstopper is part of a series of re-blooming azaleas available in bright, bold colors. These plants produce an impressive display of color during each re-bloom due to their heavy flower set.

FlorAmore® White Azalea
Azalea 'Lazamorwhi' PPAF

FlorAmore® White is filled with abundant, bright white blooms on a compact plant. This showstopper is part of a series of re-blooming azaleas available in bright, bold colors. These plants produce an impressive display of color during each re-bloom due to their heavy flower set.

Buxus 'Little Missy'
Buxus microphylla 'Little Missy' PP 24,703

When you want one of the best boxwoods, be smart! Buxus 'Little Missy' is one of our most popular and beautiful boxwoods. Its small leaves; rounded, dense habit; and glossy, dark green foliage make it unique. 'Little Missy' consistently ranked high in resistance to Boxwood Blight in a 2020 USDA analysis.

Dragon Fire® Callistemon
Callistemon viminalis 'Calfir' PPAF

Dragon Fire® shows off scarlet red blooms on a compact, evergreen shrub. Blooms start in spring and continue through the summer, contrasting nicely against clean, bright green foliage. It is tolerant of coastal conditions, as well as high heat and humidity.

Golden Dragon™ Cephalotaxus
Cephalotaxus harringtonia

Golden Dragon™ is appropriately named for its gorgeous, golden yellow foliage that does not burn or fade, even in full sun. Its compact form and upright habit make it a reliable solution for tight spaces.

EVERGREEN PLANTS

Night Light™ Chamaecyparis

Chamaecyparis obtusa 'Conschlecht'
PP 24,666

Night Light™ displays lush golden foliage that turns bronze in the winter. The inner most part of the leaves retains a fresh, green color. Trialing in full sun did not result in burned foliage. Expect an attractive and dense, rounded habit in the landscape.

Dragon Prince™ Cryptomeria

Cryptomeria japonica 'sPg-3-014'

Dragon Prince™ is a unique evergreen with stiff, light green foliage. It maintains a compact habit in the landscape, adding texture to the garden as a low, mounded shrub. This variety is slow growing and excellent for use in rock gardens or as a specimen plant.

Marianni™ Daphne

Daphne odora 'Rogbret' PP 21,820

Marianni™ is an exciting, variegated Daphne with striking, yellow-edged leaves. Fragrant pink flowers appear from February to late March. This variety works well as a shrub border, specimen plant, or when grown in groups. It is outstanding when used in containers where the richly fragrant, pink flowers and colorful foliage can be appreciated.

Spring Frost™ Distylium

Distylium hybrid 'sPg-3-007' PP 25,833

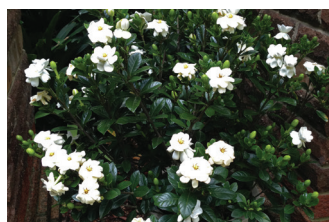

Spring Frost™ is an excellent evergreen shrub with a spreading habit. Its unique foliage emerges in a spectacular display of golden white with red highlights on the margins and holds well into the summer. This plant can be used as a groundcover or accent statement.

Olive Martini™ Elaeagnus

Elaeagnus x ebbingei 'Viveleg' PP 20,177

Attractive yellow-gold leaf margins and silvery new growth highlight Olive Martini™ when it's used as a hedge or as a specimen plant. A dense, spreading variety, it is the perfect hedge or barrier plant in mild climates. Blue Ribbon™ Winner for outstanding, low-water performance in 2017-2019 WUCOLS trials.

Gardenia 'Buttons'

Gardenia jasminoides 'Buttons' PP 24,229

This low-growing gardenia lives up to its name with abundant, 2-inch flowers that have a darling button-like center. It is extremely fragrant and heat tolerant and does well in containers or in the landscape.

Snow Girl™ Gardenia

Gardenia jasminoides 'WAH-LM'
PP 30,239

Snow Girl™ is an exceptionally free-flowering gardenia variety with single fragrant white flowers. Plants bloom heavily in early summer and then sporadically until frost. The compact habit and small, glossy green foliage creates a dainty display in containers and in the landscape.

Grevillea 'Kings Celebration'

Grevillea hybrid 'Kings Celebration'
PP 27,899

This variety blooms year-round in southern California bringing color to the garden. Especially effective when used as a screen or alone in the landscape. The multicolored flowers are striking and attractive to hummingbirds and bees.

Grevillea 'Kings Fire'

Grevillea hybrid 'Kings Fire' PP 27,875

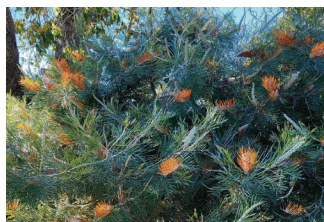

This variety has exotic blooms that flower year-round in southern California. It's tough, durable, and drought tolerant with lots of textured color. 'Kings Fire' performs well in containers or in the landscape and is a favorite of hummingbirds. Blue Ribbon™ Winner for outstanding, low water performance in 2017-2019 WUCOLS trials.

Grevillea 'Kings Rainbow'

Grevillea hybrid 'Kings Rainbow'
PP 27,931

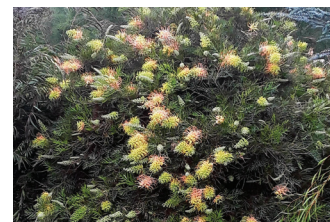

This variety has exotic blooms that flower year-round in southern California. It's sturdy, drought tolerant, and offers striking colorful texture. 'Kings Rainbow' grows well in containers or in the landscape and is a favorite of hummingbirds.

Grevillea 'Kings Sunrise'

Grevillea hybrid 'Kings Sunrise' PP 33,941

'Kings Sunrise' produces rich orange blooms against finely textured foliage. With low water requirements and an ability to thrive in high heat and sun, this plant is extremely low maintenance with high reward. Its flowers are a favorite stop for hummingbirds.

Grevillea 'Peaches and Cream'

This shrub has a dense, spreading habit and attractive, bright green, deeply dissected foliage. Long, loose flower clusters of peach and cream bloom year-round. It is attractive when planted in a container or in the landscape. The multicolored, long-lasting flowers are attractive to hummingbirds and bees.

EVERGREEN PLANTS

Grevillea 'Spirit of Anzac'

Grevillea hybrid 'Spirit of Anzac'
PP 29,372

This low-maintenance evergreen shrub thrives in full sun and heat with low water requirements. Silver-green foliage is a wonderful contrast to the bright red flowers that fill a long bloom window and are a favorite stop for hummingbirds.

Ilex 'Drops of Gold'

Ilex crenata 'Drops of Gold' PP 14,420

Plant this Japanese holly in a sunny location to fully appreciate the golden foliage. It will take full sun in the Mid-Atlantic without scalding, but it also does quite well in partial shade. 'Drops of Gold' makes for a versatile and eye-catching evergreen accent plant.

Star Flower Orion™ Illicium

Illicium hybrid 'NCIH2' PP 29,938

This breakthrough Illicium hybrid is native to the Southeastern US. The unique, star-shaped flowers will add a playful touch to any garden with delightful, white blooms that appear heavily in the spring and re-bloom in late summer. Plants are hardy to Zone 6, and maintain a tidy and tame habit in the landscape.

Star Flower Scorpio™ Illicium

Illicium hybrid 'NCIH1' PP 29,939

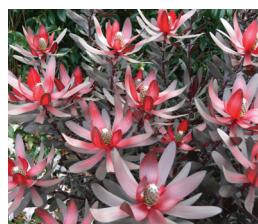

This breakthrough Illicium hybrid is native to the Southeastern US. The distinctive, star-shaped flowers will add a playful touch to any garden with delightful, red blooms that appear heavily in the spring and re-bloom in late summer. Plants are hardy to Zone 6, and maintain a tidy and tame habit in the landscape.

Golden Pacific™ Juniper

Juniperus conferta 'sPg-3-016'

Golden Pacific™ is as beautiful as it is lush. This carpet-forming Juniper boasts bright yellow foliage in full sun and holds up well in extreme heat or salty conditions. Excellent for use as a groundcover or cascading over walls.

Leucadendron 'Ebony'

Leucadendron hybrid 'Ebony' PP 23,258

Lustrous dark foliage and burgundy red bracts surround the flowers on this Leucadendron from late winter to summer. The dark leaves of 'Ebony' make an ideal specimen plant in the garden or in a large container.

Leucospermum Royal Hawaiian 'Blanche Ito'

Leucospermum × 'Blanche Ito'

This evergreen shrub boasts upright stems to support its lance-shaped, two-inch long leaves. Blooms emerge at branch tips as yellow pincushions and age to red for a dramatic statement in the landscape and in containers.

Leucospermum Royal Hawaiian 'Brandi'

Leucospermum × 'Brandi'

This evergreen shrub boasts upright stems to support its lance-shaped, two-inch long leaves. Blooms emerge at branch tips as bright orange pincushions for a dramatic statement in the landscape and in containers.

Leading® Lime Mist™ Lomandra

Lomandra confertifolia 'Mislimra'

Lime Mist™ is a fine-foliaged Lomandra that is well-suited for landscaping with its fountain of airy, green leaves. It is low maintenance once established and exhibits excellent tolerance to frost, drought, and salt.

Leading® Lime Tight™ Lomandra

Lomandra confertifolia 'Limtigra'

Lime Tight™ has the same bright green foliage color, strength, and durability as Lime Tough™ but in a smaller size. Its unique cylindrical shape is ideal for low borders and in landscapes that require lower plant profiles. A low-maintenance evergreen.

Leading® Lime Tough™ Lomandra

Lomandra confertifolia ssp. *rubiginosa* 'Lomlon' PP 23,034

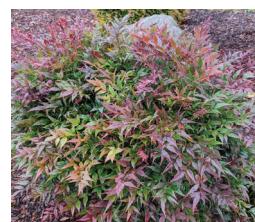

Lime Tough™ demonstrates its hardiness in the landscape, holding up well in dry climates, full sun, and heat, as well as frost and shady areas. No matter the conditions, its lime green foliage stays lush year-round.

Cerise Charm™ Loropetalum

Loropetalum chinense 'Kurobijin' PP 23,176

Cerise Charm™ is a true breakthrough with dark plum, almost black, small-leaf foliage that doesn't fade. This Loropetalum bears stunning, red flowers in the spring and has graceful, arching branches on a well-behaved habit.

Nandina 'Tuscan Flame'

Nandina domestica 'Tuscan Flame' PP 21,940

This compact evergreen puts on a flaming show of color! New growth emerges a striking red that lasts through most of the season before aging to an attractive dark green. A drought-tolerant and low-maintenance selection.

Party Lights™ Osmanthus

Osmanthus heterophyllus 'sPg-3-021'

This plant produces an eye-catching spring display of variegated pink, cream, and yellow foliage for the garden. Plants maintain an attractive and compact habit. Expect this evergreen to provide year-round beauty in the landscape.

Dynamo Red™
Photinia *Photinia glabra*
'Parsur' PP 19,390

Dynamo Red™ has a rapid, upright growth and a dense, self-branching habit that makes it a fantastic shrub for the landscape. Bright red, new growth adds color and beauty to the garden. This plant is reliably durable.

Prunus
'Chestnut Hill'
Prunus laurocerasus
'Chestnut Hill' PP 24,880

'Chestnut Hill' is a more compact selection of the popular hedge plant from the Morris Arboretum. Height does not exceed 4 feet. This variety is tolerant of salt spray and takes pruning very well.

Napoleon® Prunus
Prunus laurocerasus 'Gajo'
PP 19,334

This compact Prunus displays deep green, glossy foliage on a versatile plant. The well-behaved habit and low-maintenance requirements make Napoleon® perfect for use as a small hedge or in patio containers.

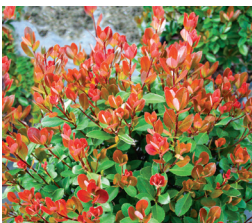

Quercus 'Joan Lionetti' *Quercus fusiformis*
'Joan Lionetti' PP 27,646

This tree has a naturally straight trunk and a dense, symmetrical canopy. These features, along with its smaller stature, make this variety ideal for planting as a focal point in the landscape. It is tolerant of both extreme heat and extreme cold.

Oriental Pearl™
Rhaphiolepis Rhaphiolepis indica 'Parhap' PP 20,243

Masses of large white blooms appear in the spring on this low-growing, drought-tolerant plant. It requires no pruning and is not fussy about soil conditions. A must-have for any low-maintenance landscape.

Redbird™
Rhaphiolepis Rhaphiolepis indica 'sPg-3-003'
PP 25,770

Redbird™ is noted for its new growth of colorful and bright, red-tipped foliage. White flowers form profusely in the spring. Well-suited for mass plantings or for use as a hedge.

Sphaeralcea 'Orange Crush'
Sphaeralcea ambigua
'Orange Crush' PP 34,220

'Orange Crush' produces an abundance of orange flowers from late December through June. An ideal selection for dry, low-water areas. This shrub thrives in both the landscape and containers.

Emerald Squeeze™
Thuja Thuja occidentalis
'Lilshreckthu' PP 33,785

Emerald Squeeze™ is everything you love about Thuja Emerald Green in a smaller package. Growing to a mature height of around eight feet, it's a perfect choice for smaller gardens and hedge spaces.

Fire Chief™ Thuja
Thuja occidentalis 'Congabe'
PP 19,009

Fire Chief™ is a mutation of the popular Rheingold variety, but with much brighter foliage in the spring and a deeper red color in the fall. This variety is also less prone to splitting.

Forever Goldy™
Thuja Thuja plicata '4EVER'
PP 19,267

Forever Goldy™ is an "ever golden" shrub that grows quickly into a stunning display of golden yellow foliage that does not shed. Its upright nature makes it a fantastic selection for the back of a border or a container.

Pancake™ Thuja
Thuja occidentalis 'Concesarini'
PP 24,013

Pancake™ Thuja is a low-maintenance garden solution. It requires no pruning to maintain its charming, flattened shape. The unique foliage turns a lovely blue hue in the fall and winter, providing a nice dose of color for the winter garden.

Sugar and Spice™
Thuja
Thuja plicata 'De Rakt'
PP 19,926

This is a narrow-growing, upright Thuja variety ideal for accenting small spaces. Very finely textured, green to cream-green foliage presents on orange-brown stems. A heat-tolerant solution for mixed borders.

Moonlit Lace®
Viburnum Viburnum
Viburnum hybrid 'sPg-3-024'

Round flower heads rise above glossy green foliage on burgundy-colored stems. Pink buds give way to beautiful white blooms in the spring. The foliage gains a burgundy color in the fall. This robust plant is drought tolerant and deer resistant. Its compact habit and rounded shape are great for use as a border or hedge in mass plantings.

Shades of Pink™
Viburnum Viburnum tinus
'Lisarose' PP 22,816

A beautiful addition to the garden! In spring, bright pink buds open to blush pink flowers, creating lovely contrast against the shiny, dark green leaves. Expect a mounded, upright, slow growth habit. This heat-tolerant variety is useful in a border or as a hedge.

Sorrento Coast™
Westringia Westringia
Westringia hybrida
'Gem Variegated'

A midsize, evergreen shrub, Sorrento Coast™ is durable and tolerant of both heat and drought. The soft, cream and green bicolor foliage is reminiscent of rosemary and is accented by soft blue star-shaped flowers.
